

1. I would like to address the benefits to me of having K-Love available on the radio. I listen to K-Love and it provides me with family oriented, commercial-free listening. It uplifts my spirit.
2. If K-Love were to be displaced the only Christian music radio station in San Diego county would be unavailable to a huge number of listeners in this region. It has been so important to me that I am financially supporting them.
3. It is in the public interest to have a spiritually-based, positive, and uplifting radio station available for listeners. It decreases the stressors of the day while on the road, provides an alternative from talk radio or secular stations, or even stations with commercials. It's like a calm place in the real world. Anyone could benefit from listening in the community at large. I believe the roads are safer too because of them.
